

PIGRA VITA

[eng]

Show your commitment to sustainability with Pigra Vita, a plastic pen housing 100% recycled from our own production waste, available with Pigra models P01, P02 and P03. That means 0 km recycling.

And with Pigra Vita, you can be both tough on industrial waste and still indulge in the pleasure of the softest pen in your hand: Pigra Vita is also available in Soft Touch, for an extra supple and even more comfortable writing experience.

Pigra Vita pairs perfectly with another eco-sustainability milestone, Premec's unique Floating Ball® Lead Free refill that meets the requirements of Reach 1907/2006 and contains no SVHC substances.

[fra]

Démontrer l'engagement de votre marque envers le développement durable avec Pigra Vita : un corps de stylo recyclé à 100 % sur site, à partir de nos propres déchets industriels. Cela correspond au recyclage 0 km, le meilleur qui soit.

Et avec Pigra Vita, vous pouvez à la fois être dur avec les déchets industriels et continuer à profiter du plaisir du stylo le plus doux dans votre main : Pigra Vita est également disponible en version Soft touch, pour une expérience d'écriture encore plus souple et confortable.

Pigra Vita s'associe parfaitement à un autre jalon de l'éco-responsabilité, la recharge unique de Premec Floating Ball® Lead Free, qui répond aux exigences du Reach 1907/2006 et ne contient aucune substance SVHC.

[esp]

Demuestra tu empeño por la sostenibilidad con Pigra Vita, el cuerpo del bolígrafo Pigra Vita, reciclado al 100% a partir de nuestros residuos de producción, disponible en los modelos P01, P02 y P03. Esto significa reciclado a kilómetro cero, el mejor que hay.

Además, Pigra Vita te permite ser implacable con los residuos industriales y a la vez disfrutar de la increíble suavidad del bolígrafo en tu mano: Pigra Vita también está disponible en Soft touch, que asegura una escritura todavía más suave y cómoda.

Pigra Vita combina a la perfección con otro hito de la ecosostenibilidad, la exclusiva recarga Floating Ball® Lead Free de Premec, que cumple los requisitos del reglamento Reach 1907/2006 y no contiene sustancias SVHC.

[deu]

Zeig mit den Vita Modellen von Pigra, dass dir die Umwelt wichtig ist: denn Vita Gehäuse werden zu 100% aus recycelten Reststoffen unserer eigenen Produktion hergestellt. So lassen sich Abfälle reduzieren und transportbedingte Emissionen vermeiden. Pigra Vita gibt es für die Modelle P01, P02 und P03.

Auf eine besonders angenehme Haptik musst du deswegen nicht verzichten. Pigra Vita gibt es auch mit samtweichen Soft-Touch-Gehäusen.

In Kombination mit einem anderen Meilenstein der Minentechnik, der einzigartigen Floating Ball® Lead Free Mine von Premec, wird dein Vita Schreibgerät noch umweltfreundlicher. Diese bleifreie, schadstoffarme Mine erfüllt schon heute die Anforderungen der Reach-Verordnung 1907/2006 und enthält keine „besorgniserregenden Substanzen“ der SVHC-Liste mehr.

[ita]

Mostra il tuo impegno per la sostenibilità con Pigra Vita, una penna in plastica al 100% riciclata dai nostri scarti di produzione, disponibile con i modelli Pigra P01, P02 e P03. Questo significa riciclo a chilometro zero.

E con Pigra Vita, puoi essere inflessibile con i rifiuti e al tempo stesso concederti il piacere di maneggiare la più soffice tra le penne: Pigra Vita è disponibile anche in Soft Touch, per una sensazione di scrittura ancora più morbida e confortevole.

Pigra Vita si sposa perfettamente con un'altra pietra miliare verso l'ecosostenibilità, lo straordinario refill Floating Ball® Lead Free messo a punto da Premec, che non contiene sostanze "estremamente preoccupanti" (SVHC) in conformità ai requisiti Reach 1907/2006.
